WISCONSIN IS THE DAIRY STATE

The Dairy Cattle Center celebrates the history of dairy research in Wisconsin. The learning that takes place here embodies the **Wisconsin Idea** — that education should influence people’s lives beyond the boundaries of the classroom.

Research is focused on:

- **Animal health and welfare**
- **Biomedical advancements**
- **Precision livestock farming**
- **Food safety**
- **Land and water stewardship**

UPDATED LOBBY AREA

STUDY SPACE FOR STUDENTS

Tables, chairs, and tv access for screen sharing

WELCOME AREA FOR VISITORS

Serves as the barn gateway and meeting space

EDUCATIONAL INFORMATION

Tour groups can explore dairy-related facts and UW–Madison’s cutting-edge research

QUICK FACTS

- ✓ The DCC houses 84 cows in tie stalls
- ✓ Cows are milked twice a day in a double 6 herringbone parlor
- ✓ The barn was built in 1956 and renovated in 2013
