

## Pleasant View Golf Course

New for 2025, the outing will be held at the beautiful Pleasant View Golf Course in Middleton, WI. Awarded Gold in the Best of Madison Magazine's Best of Golf Courses in 2018, 2019, 2020, 2022, and 2024, Pleasant View Golf Course offers a scenic course with panoramic city and lake views.

## Your support helps us deliver a world-class student experience.

The department offers the best of both worlds—the feel of a small campus with the advantages of a flagship University.

Our programs look boldly toward the future by embracing innovation and technological advances, solving difficult problems, addressing unmet needs, and protecting the environment. Students and faculty work together to connect science to practice—turning discoveries into real-world solutions.

A department priority is to make the world a better place through sustainable best practices, the humane treatment of animals, and cutting-edge research that directly improves human nutrition and health.

Your support of the department's golf outing allows us to offer more high-impact internships and research opportunities for students to integrate, synthesize, and apply their learning through a variety of experiences and disciplines. This is part of the "Badger Difference" we can provide because of your help.
